Greg,

Congratulations! You have successfully completed EDLD 5370 - Internship in Educational Technology Leadership! After a team review your Comprehensive Exam and your wiki e-Portfolio, you scored the following on each item:

Comprehensive Exam: 395/400 (Very well written content. We enjoyed reading about your educational experiences, coursework, and vision. Just a few APA errors.)

Wiki e-Portfolio: 590/600 (Would like to have seen more connections to the Standards in your course-embedded and field-based activity reflections.)

Total: 985/1000 = 98.5%/A

We wish you the best!

Thanks and have a wonderful day!

Dr. Mason
